4. - At least one-fourth of the Board of Directors must meet the independence requirements established by the applicable provisions and those adopted by the company in observance of the recommendations of the Corporate Governance Code for Listed Companies. Specifically, the following parties do not meet these requirements without prejudice to other supervisory provisions on the subject:
 - a) the spouse, relatives and kin to the fourth degree of the Company's directors; the directors, spouse, relatives and kin to the fourth degree of the directors of subsidiaries, parent companies and companies subject to joint control;

the company, of subsidiaries or of companies placed under common control, of companies able to exercise control, even joint, or considerable influence of the company pursuant to the law.

e) those who have, or have had during the previous year, significant economic, financial, business and/or professional relationships, even indirect, with the company, the parent company or the parties able to exercise control, even joint, of the company, or through shareholders' agreements or the subsidiaries, and with the respective Key Representatives; those who are employed, or have been employed during the three previous years, by the aforesaid parties.

The independent director is required to immediately inform the Board of Directors if, following appointment, they should no longer meet the independence requirements. Such independent directors shall, in any case, forfeit their office.

5. - By determining the number of members of the Board of Directors, the Ordinary Shareholders' Meeting shall elect the directors on the basis of lists presented by shareholders, which must indicate no more than eleven candidates, in sequential order.

6. - Shareholders entitled to submit lists are those which, alone or together with other shareholders, represent at least 2.5% of the share capital, represented by ordinary shares, or a different amount provided by CONSOB through their regulations, taking into account the capitalisation, free float and shareholding structures of the Company.

7. - Lists must be filed at the Company's registered office by the twenty-fifth day before the date of the Shareholders' Meeting called to decide the appointment of the members of the Board of Directors.

8. - Shareholders shall provide evidence of their ownership of the number of ordinary shares required to submit lists, by producing the relative certificate; this may also occur after the filing of the list, as long as within the terms stated by the law or by the regulations in force on the subject, for the publication of the lists by the company.

9. - The lists must be presented along with:

- information regarding the identity of the shareholders submitting them, indicating the total shareholding percentage held;
- a statement by the submitting shareholders, other than those holding, even jointly, a controlling interest or relative majority of shares, certifying the absence of any relationships connecting the former to the latter, as identified by law and the regulations set forth for electing the Board of Statutory Auditors and also taking into consideration any Consob recommendations on such matters;
- the curriculum vitae of the candidates and statements from each candidate whereby they accept their candidacy and declare that there are no grounds for debarment or ineligibility, and that they meet the requirements of reliability, professionalism and, if applicable, independence, set forth by law and the Articles of Association.

10. - The lists must indicate which candidates meet the requirements of independence. Shareholders submitting a list with a number of candidates equal to or greater than eight are required to indicate at least two candidates who meet the independence requirements. For lists with three or more candidates, both genders must be included, so that, in the first mandate following the effective date of Law no. 120 of 12 July 2011, the candidates of the less represented gender make up at least 1/5 of the total and in the two subsequent mandates, at least 1/3 of the total, with rounding to the higher number in the event of a fraction.

11. - Shareholders may not submit or vote on more than one list, even through third parties or through trust companies. Shareholders belonging to the same group and shareholders who are subscribers of the same shareholders' agreement regarding shares of the Bank may not submit or vote on more than one list, even through third parties or through trust companies.

12. - Each candidate may be included on only one list, on pain of ineligibility. A Director leaving office may renew his candidacy on a list submitted by shareholders other than those who previously nominated and elected him, without prejudice to the conditions set forth in the previous subsections.

13. - Lists submitted which fail to observe the above indications shall be considered as not submitted. Votes exercised in breach of the above restrictions shall be considered as not exercised.

14. - If two or more lists of candidates are submitted, the directors shall be elected as follows:

- a) according to the sequential order in which they are listed, the number of Directors which the Shareholders' Meeting preventatively determined, minus one, shall be elected from the list that obtained the most votes (majority list);
- b) from the among the other lists which are not connected in any manner, even indirectly, with the shareholders who submitted or voted the list which obtained the most votes, the first candidate on

the list which obtained the most votes in the Shareholders' meeting is elected as director (minority list).

If the resulting Board composition does not meet the gender balance requirements, then based on the order in the list, the last members elected from the majority list of the more represented gender must forfeit their position for the number necessary to ensure compliance, and are replaced by the first candidates that were not elected from said list from the less represented gender. If there are not enough candidates of the less represented gender on the majority list to satisfy the requirement, the Shareholders' Meeting shall supplement the Board through a legal majority to ensure compliance.

In the event of a tie vote between two or more minority lists which were second in terms of number of votes, after the list as per point a), the Shareholders' Meeting shall perform a new round of voting on said lists, and the candidate from the list which obtains the relative majority of votes shall be elected, and according to the apportionment criterion provided for in Article 147-ter, section 1-ter of Legislative Decree no. 58 of 24 February 1998.

15. - For the purposes of allocating the directors to be elected, lists are not taken into consideration unless they obtain a percentage of votes equal to at least half the percentage required for submitting the lists.

16. - Relationships connecting shareholders, even for the purposes of calculating the list votes, exist in the cases set forth by law and the regulations established for electing the Board of Statutory Auditors. Nonetheless, when a party connected to a shareholder which has submitted or voted the list that obtained the most votes has voted for a minority list, the existence of this connection takes on significance only if the vote was a determining vote for the election of the director.

17. - If only one list of candidates is submitted, or if no lists are submitted, or if the directors are not appointed, for any reason whatsoever, pursuant to the above procedure, the Shareholders' Meeting shall pass a resolution with the majority required by law, and according to the apportionment criterion provided for in Article 147-ter, section 1-ter of Legislative Decree no. 58 of 24 February 1998.

18. - Verification of grounds for debarment and ineligibility, as well as the requirements of reliability, professionalism and independence, shall be performed according to the methods and terms prescribed by the current supervisory regulations.

Article 17 - Replacement of Directors

1. - If, during the year, one or more directors leave office, or the number of independent directors falls below the minimum number required, the procedures necessary for their immediate replacement shall be carried out, in compliance with the law, the Articles of Association and the apportionment criterion provided for in Article 147-ter, section 1-ter of Legislative Decree no. 58 of 24 February 1998.

2. - Should the director elected from the minority list leave office, the Board of Directors shall replace him, where possible, with a candidate chosen from among those not elected on the same list as the director leaving office, according to the apportionment criterion provided for in Article 147-ter, section 1-ter of Legislative Decree no. 58 of 24 February 1998.

3. - During the Shareholders' Meeting called to resolve on the replacement of a director leaving office who was elected by the minority, the names of candidates, to be filed according to the methods, restrictions and terms provided by Article 16, may only be submitted by shareholders different to and not connected with those who submitted or voted the list which obtained the most votes in the appointment of the entire Board of Directors. The candidate who obtains the relative majority of votes in the Shareholders' Meeting shall be appointed as director, in accordance with the apportionment criterion provided for in Article 147-ter, section 1-ter of Legislative Decree no. 58 of 24 February 1998. In the case where, for any reason whatsoever, the above procedure cannot be applied, the Shareholders' Meeting shall pass a resolution with the majority required by law, and according to the apportionment criterion provided for in Article 147-ter, section 1-ter of Legislative Decree no. 58 of 24 February 1998.

4. - If at least one half of the posts on the Board of Directors become vacant, the entire Board shall be considered as expired from the effective date of the resolutions of the Shareholders' Meeting to resolve on the appointment of the new Board, which must be called as a matter of urgency for such purpose

5. - The Board shall appoint the Secretary, who may be chosen from outside the Board but in this case the Secretary shall have no voting rights. The Secretary shall be expected to comply with the rules of business and professional secrecy.

Article 19 – Powers of the Board of Directors

2. - In addition to the remuneration fixed by the Shareholders' Meeting in compliance with law and supervisory regulations, Statutory Auditors are entitled to the reimbursement of expenses sustained in the performance of their office.

Article 27 - Appointment of the Board of Statutory Auditors and its Chairman - Meetings

1. - The Board of Statutory Auditors is appointed on the basis of lists submitted by shareholders, which must indicate no more than six candidates, in sequential order: three for the post of Statutory Auditor and three for the post of Alternate Auditor. In any event, the lists must contain a minimum of at least two candidates: one for the post of Statutory Auditor and one for the post of Alternate Auditor. The lists must expressly indicate the candidates for the post of Statutory Auditor and the candidates for the post of Alternate Auditor.

For both auditor categories, lists that contain three or more candidates must also include candidates of both genders, to ensure a Board of Statutory Auditors whose composition is compliant with regulatory provisions in effect regarding gender balance.

2. - Shareholders entitled to submit lists of candidates are those which, alone or together with other shareholders, represent at least 2.5% of the share capital, represented by ordinary shares, or a different amount provided by CONSOB through their regulations regarding the voting of lists for the appointment of the Board of Directors.

3. - Lists must be filed at the Company's registered office by the twenty-fifth day before the date of the Shareholders' Meeting called to decide the appointment of the members of the Board of Directors. In the event that, on expiration of said term:

- only one list has been submitted;
- several lists have been filed, but the lists have been submitted by connected shareholders pursuant to the current law and regulations in force;
- several lists have been filed, but only one list is considered to be validly filed in compliance with current regulations in force and the Articles of Association;

the Company shall provide notification thereof according to the methods required by law and regulations.

4. - In each of these cases, lists may be submitted until the terms established for that purpose by the law or by regulations in force on the subject, and the minimum shareholdings required for submitting lists shall be halved.

5. - Shareholders shall provide evidence of their ownership of the number of shares required to submit lists, by producing the relative certificate; this may also occur after the filing of the list, as long as within the terms stated, by the law or by the regulations in force on the subject, for the publication of the lists by the company.

6. - The lists must be presented along with:

- information regarding the identity of the shareholders submitting them, indicating the total shareholding percentage held;
- a statement by the submitting shareholders, other than those holding, even jointly, a controlling interest or relative majority of shares, certifying the absence of any relationships connecting the former to the latter, as identified by current law and the regulations in force and also taking into consideration any Consob recommendations on such matters;
- the curriculum vitae of the candidates, as well as statements from each candidate whereby they accept their candidacy and declare, under their responsibility, that there are no grounds for debarment or ineligibility, and that they meet the requirements of reliability, professionalism and independence set forth by law and the Articles of Association.

7. - Shareholders may not submit or vote on more than one list, even through third parties or through trust companies. Shareholders belonging to the same group and shareholders who are subscribers of the same shareholders' agreement regarding shares of the Bank may not submit or vote on more than one list, even through third parties or through trust companies.

8. - Each candidate may be included on only one list, on pain of ineligibility. A Statutory Auditor leaving office may renew his candidacy on a list submitted by shareholders other than those who previously nominated and elected him, without prejudice to the conditions set forth in the previous subsections.

9. - Lists submitted which fail to observe the above indications shall be considered as not submitted. Votes exercised in breach of the above restrictions shall be considered as not exercised.

10. - If two or more lists of candidates are submitted, the statutory auditors shall be elected as follows:

- a) according to the sequential order in which they are listed, two Statutory Auditors and two Alternate Auditors shall be elected from the list that obtained the most votes in the Shareholders' Meeting (majority list);
- b) from the among the other lists which are not connected in any manner, even indirectly, with the shareholders who submitted or voted the list which obtained the most votes (minority list), a Statutory Auditor, who shall take the post of Chairman of the Board of Statutory Auditors, and an Alternate Auditor are elected.

If the composition of the Board of Statutory Auditors or the category of Alternate Auditor do not meet gender balance requirements, then, based on their order in the lists, the last members elected from the majority list of the more represented gender must forfeit their position for the number necessary to ensure compliance, and are replaced by the first candidates that were not elected from said list from the less represented gender. If there are not enough candidates of the less represented gender within an auditor category on the majority list to satisfy the requirement, the Shareholders'

Meeting shall appoint the necessary Statutory Auditors and Alternate Auditors supplement the Board through a legal majority to ensure compliance with the requirement.

In the event of a tie vote between minority lists which were second in terms of number of votes, after the list as per point a), the Shareholders' Meeting shall perform a new round of voting on said lists, and the candidates from the list which obtains the relative majority of votes shall be elected and in accordance with regulatory provisions regarding gender balance.

11. - Relationships connecting shareholders, even for the purposes of calculating the list votes, exist in the cases set forth by law and the regulations. Nonetheless, when a party connected to a shareholder which has submitted or voted the list that obtained the most votes has voted for a minority list, the existence of this connection takes on significance only if the vote was a determining vote for the election of the Statutory Auditor.

12. - In the event that only one list of candidates is submitted, the Statutory Auditors and the Alternate Auditors shall be elected from said list, provided that the list contains a sufficient number of candidates for the established number of Statutory Auditors and Alternate Auditors and in accordance with regulatory provisions regarding gender balance. The first candidate on the list shall be elected as Chairman.

13. - If no lists are submitted, or if the single list presented contains an insufficient number of candidates for the appointment of all the Statutory Auditors and Alternate Auditors, or if the Statutory Auditors and Alternate Auditors are not appointed, for any reason whatsoever, pursuant to the procedure envisaged herein, the Shareholders' Meeting shall pass a resolution with the majority required by law and in accordance with regulatory provisions regarding gender balance.

14. - Verification of grounds for debarment and ineligibility, as well as the requirements of reliability, professionalism and independence, shall be performed according to the methods and terms prescribed by the current supervisory regulations.

15. - If a Statutory Auditor leaves office, he will be replaced by the first Alternate Auditor indicated on the same list from which the auditor leaving office was elected. If the Chairman of the Board of Statutory Auditors leaves office, the post of Chairman shall be taken by the auditor replacing him, coming from the same list from which the Chairman leaving office was elected.

16. - At the first opportune moment, the Ordinary Shareholders' Meeting will appoint the Statutory Auditors required to complete the Board of Statutory Auditors, according to the following procedure:

a) when the Statutory Auditors elected from the list which obtained the most votes, or from the only list submitted, or appointed by absolute majority must be replaced, the Shareholders' Meeting shall pass a resolution with the majority required by law and in accordance with the apportionment

criterion that ensures gender balance as per Article 148, section 1-bis of Legislative Decree no. 58 of 24 February 1998;

b) when the Statutory Auditors elected from the minority list must be replaced, the Shareholders' Meeting shall appoint the replacements by relative majority vote, but the names of the candidates, to be filed according to the methods, restrictions and terms provided for the appointment of the entire Board of Statutory Auditors, may only be submitted by shareholders different to and not connected with those who submitted or voted the list which obtained the most votes in the appointment of the entire Board of Statutory Auditors and in accordance with the apportionment criterion that ensures gender balance as per Article 148, section 1-bis of Legislative Decree no. 58 of 24 February 1998.
